

INVESTIGATING PORK PACKERS

President Carver Receives Report From Commissioner Driscoll.

Packers in Future Will Guarantee Net Weight of Goods.

A letter has been received by J. S. Carver, president of the Utah Pure Food and Dairy Commission, relative to the recent investigation which has been made by Commissioner Driscoll of the methods of packers in shipping pork in various quantities.

This investigation has attracted considerable attention throughout the country, as there was evidently great need for it, not only in the East, but throughout the West as well.

The letter is as follows: "J. S. Carver, President, Ogden, Utah.

"Dear Mr. Carver—I respectfully call your attention to the investigation of Mr. Clement J. Driscoll of New York, commissioner of weights and measures, who has been making a thorough investigation of the packers' methods of shipping and selling pork loins in oil and paper and canvas wrappings on ham and bacon.

"I am very glad to say that after a couple of weeks of investigation, back and forth, that the packers have written a letter to Mr. Driscoll, in which they guarantee from now on, net weight of goods, when the goods leave them to the retailer, whether they are hauled to them direct, in which case they would be sure to get net weight, with an amount allowed for the canvas, or whether they are shipped from the packing house to the dealer, they shall be net weight, leaving the packing house, which should bring them, heartily, if not quite, net, to the merchant.

"If you know of any specific case, where there is any complaint to make along these lines, will you kindly bring it to my attention and in doing so, be very specific, so there will be no mistake.

"I am sure this matter can be remedied by taking it up with the different commissioners, either in the states or local towns or cities.

(Signed) "JOHN A. GREEN, Secretary."

10-ACRE ORCHARD AND POULTRY FARM

Mostly Jonathan and Winesap apples, none better in the country. The big fruit companies buy them right on the trees. I expect at least a thousand dollars worth of apples alone, besides plenty of other fruit for home use. A fine chicken plant with about 150 pure bred chickens, horses, cows, pigs, wagons, buggy, harness and farm implements. Good water right, and fine soil.

A practically new 5-room house, with fine flowing water inside. It is cheap at \$6,000. But I must sell quick and will do a little better if I can sell before August 5th. Will give time on half at 6 per cent. Only 2-1/2 miles from city limits on the Plain City car line.

Address the owner, H. M. Barrows, 172 23rd St., Ogden, or see me on the place until August 5th. Bell Phone.

INVESTIGATING CAUSE OF DISEASE

Government Health Experts Are Studying Infantile Paralysis and Its Germs.

WASHINGTON, July 30.—Owing to the prevalence of infantile paralysis in this city and elsewhere throughout the country, a government investigation is to be made into the cause of the disease. This was decided on today after a conference between Surgeon General Wyman of the public health and marine hospital service and Dr. John F. Anderson, director of the hygienic laboratory of that service. The investigation will be started as soon as Dr. W. H. Frost, a member of Dr. Anderson's staff, returns from Mason City, Iowa, where he is studying the disease.

The nature of the germ which causes the disease is, according to Dr. Anderson, a practical mystery to medical men. "The appalling list of deaths of infants," said Dr. Anderson, "is not the most distressing feature of the disease, as thousands of children are permanently crippled or deformed, the disease not being necessarily fatal. It seldom attacks a child older than four years, but adults occasionally have been victims. In my opinion the disease is both infectious and contagious; certainly infectious, as has been proved by experiments. The disease begins to assert itself early in June, reaches its height in July and August and passes away in September."

\$3.50 RECIPE CURES WEAK MEN—FREE

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many weak and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge. In a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop struggling himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. B. Robinson, 4420 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$2.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.

WANTED EGGS "STRAIGHT-UP"

Stranger Made a "Rough-House" When the Hen-Fruit Was Served Otherwise.

John Walsh, By-Stander, Arrested by Police for Being in Sight.

John Walsh was arrested yesterday afternoon by Patrol Wagon Driver Walt Williams, on the charge of disturbing the peace.

Walsh had a badly disfigured countenance, as the result of a mix-up with an unknown individual, whom he encountered in a Twenty-fifth street restaurant.

The stranger went into the lunch house and ordered ham and eggs, "sunny side up." When the latter "came up" they were "dead soldiers." The stranger objected and, upon being asked to settle regardless of his opinion regarding the edibility of the eggs, he went on the rampage.

In some manner, unknown to himself and the police, Walsh was caught in the cyclone and came out a poor second. The police were called and Walsh being "the only thing in sight," he was arrested and charged as mentioned.

OGDEN AND MURRAY TODAY

'Lobsters' and 'Smeltermen' Cross Bats on the Fair Grounds Diamond.

Ogden and Murray will cross bats today and, according to all anticipations, the game will be a corker from start to finish.

Murray is said to have been getting in a considerable amount of extra practice which, with their good record for this season, will make them worthy opponents for the Ogden players.

Dad Gilmin has been enlisting his men with new ideas on the game during the week and a number of original stunts will be tried out on the boys from Smeltertown.

It will be one of the best games this season and a full attendance of ball fans is assured.

\$10 REWARD

Numerous complaints have been received recently in regard to the theft of newspapers from door steps and front lawns, and the matter has become so serious in its extent that the Examiner hereby offers a reward of \$10 to anyone who will furnish information leading to the arrest and conviction of the person or persons guilty of such thefts.

INTRODUCING A NEW SONG HERE

Lulu Thatcher, an Ogden Girl, Sings "Utah," by Ogden Composers.

Mis Lulu Thatcher, vocalist at the Globe theater, has been introducing a song during the past week which has received much favorable comment, not only on account of its genuine merit, but because it is the product of an Ogdenite.

The song is entitled "Utah," the words and music being by Harry H. Attwood and arranged by Charles Thatcher, whose daughter sings it. This is the first pioneer song with Utah as its theme and its decided success should prove an incentive for other composers and song writers to make similar attempts along this line.

The words of "Utah" are as follows:

All hail to thee, Oh fair Utah, Thy hills and valleys broad, A paradise of love and peace, Dwells ever on the sod, Thou art well crowned Queen of the West.

For the sunny clime, Great woods, prairies, and rippling streams, Grand canyons, deep, sublime.

Chorus: All hail to thee, Oh fair Utah, May praises ever ring, True love for thee, on land and sea, Thy children's voices sing.

The Wasatch mountains proudly stand In their majestic height, The stalwart trees and verdant flowers.

The Sago lilies white, Bright sunbeams play upon the shores Of thy great inland sea, And storms that toss the crusted waves.

Breathe forth their mastery, Of the brave pioneers of old, The story's oft been told, The struggles on the weary march To reach the land of gold.

Their fame a precious monument That shall forever stand, They opened wide the gates for all To Utah's sun-kissed land.

DEATH OF MRS. ANN W. RICHARDS

One of Weber County Pioneer's Succumbs to an Attack of Pneumonia.

Mrs. Ann Williams Richards, aged 70, wife of John Richards of North Ogden, died yesterday of pneumonia and complications after an illness of one week.

Mrs. Richards was born in Wales, June 19, 1840. She immigrated to America in 1881 with her children, her husband having arrived six months earlier. The family settled at North Ogden where they have resided ever since.

Mrs. Richards joined the Latter Day Saints while a resident of Wales and was a faithful worker in that faith. She is survived by two daughters, Mrs. Henry Daniel of North Ogden and Mrs. Thomas Bradshaw, both of whom were at her bedside when death came.

The funeral will be held Monday at the North Ogden tabernacle. Interment in North Ogden cemetery.

FUNERAL SERVICES FOR BABY LOFGREEN

The funeral of Samuel Lofgreen, infant son of Samuel and Emma Lofgreen, was held at 11 o'clock yesterday at the Lindquist funeral chapel.

Bishop Robert McQuarrie conducted the services and the music was furnished by the Second Ward choir, assisted by Miss Erma Browning and Miss Elsie Shorten. "Nearer, My God, to Thee," was rendered by Miss Browning, and "Your Sweet Little Rosebud Has Left You," by Miss Shorten.

The speakers were Charles Cramer of Huntsville, C. J. A. Lindquist and Bishop McQuarrie, who spoke kindly words of sympathy to the bereaved parents.

There was a large attendance and many floral offerings were in evidence. Interment was in the family lot in the Huntsville cemetery.

OGDEN HOLDS THE RECRUIT RECORD

Out of a Grand Total of 425 for Marine Corps 24 Come From Here.

Percentage and Class of Men Higher Than Any Other City.

Ogden continues to break all recruiting records, the percentage of men accepted in June by the examining officers for the Marine Service being far greater than that of any other recruiting office in the United States.

Sergeant J. D. Bauer, in charge of the local recruiting office, stated yesterday that out of 146 applicants 24 men were accepted by Dr. McCune, the examining physician during the month of June.

The average for the month was about one man accepted out of 35 applicants which is the best average made in the Pacific coast district. The district which Ogden is included comprises San Francisco, Sacramento, Portland, Los Angeles, Stockton and Salt Lake.

There was a grand total of 3532 applications for enlistment in the Marine Corps from all the recruiting districts in the United States out of which number, 425 men were accepted.

The full quota for the Marine Corps is 3521 men and the number of enlistees in June was 912, leaving vacancies to the number of 409. This shortage is being filled as rapidly as possible.

BRIDE ARRIVES FROM ENGLAND

Thomas Upton of Ogden Marries Avery of Kent, England.

The marriage of Thomas Henry Upton to Miss Frances Avery was solemnized yesterday at 478 Twenty-eighth street, Rev. J. E. Carver officiating.

Mr. Upton is a resident of Ogden, while his bride only arrived last week from Kent, England, being a company to this city by her father.

A nice wedding supper was served and the guests were profuse in their congratulations to the couple for a long and happy union.

WENDLING IS CAUGHT IN SAN FRANCISCO

(Continued from Page One.) Leaving some of his effects behind. Here Carney lost the trail.

Successful Decoy Letter. Returning to Houston, he sent a decoy letter ostensibly written by the man to Mrs. Muena asking for the address of Henry Jacquemin, the name assumed by Wendling when he left Louisville. The reply, intercepted by Carney, informed him that his prey was in Los Angeles. The detective's trip to Los Angeles proving fruitless, he returned to Atchison, where he found that Henry Picard, a friend of Wendling, had received a postal picture card from the fugitive. This communication written in French, was postmarked Rio Vista, Cal. Abandoning his Texas hunting ground, Carney came immediately to this city where he secured the aid of the local detective bureau. Accompanied by Detective Conlin, he went to Rio Vista, but their man had flown, leaving behind him, however, his name on the payroll of a company which was building jetties along the Sacramento river.

Circumstantial Evidence. According to Captain Carney, the evidence against Wendling is very strong. The strongest link was the discovery of some of the girl's bloody clothing in a closet in Wendling's home.

This with other circumstantial evidence, brought before the coroner's and grand juries, will, in the opinion of the Louisville police chief, send Wendling to the gallows. Carney reached there just in time to prevent the destruction of a postal which gave the address of Wendling in Vallejo, Cal.

Mrs. Muena had destroyed her other correspondence with Wendling and was on the point of burning the postal, when the Louisville police official arrived.

Tried to Burn Letter. When the address was flashed to San Francisco Detective Burke was at once sent to Vallejo. In the house of Alice Miller, with whom Wendling had been living, he found the fugitive's photograph and a complete kit of burglar tools. A further search of the place led to the discovery of many articles which had been taken from the residence of Thomas Saunders, which had been burglarized three times.

This was the first time Wendling had been seen since he was arrested by Joseph Wendling, said in talking over the long distance telephone to the Associated Press here tonight, that she would not discuss the matter of her alleged acquaintance with the man under arrest at San Francisco. Mrs. Muena, when told tonight that it was through information from her that Wendling's arrest was brought about, seemed to be greatly surprised and was loathe to believe that the man whom she knew in Houston as Henry Jacquemin and Joseph Wendling were one and the same. It was with reluctance that she would discuss the matter at all and would not commit herself at any time as having been engaged to Jacquemin, supposed to be Wendling.

"I have nothing to say regarding the affair at all," Mrs. Muena, when communicated with by long distance telephone tonight.

"I must be convinced that this man under arrest is the man whom I knew as Henry Jacquemin in Houston before I will make a statement regarding our acquaintance."

Mrs. Muena is a milliner of Hume, Mo. She has been in that place but a few months.

BE SURE YOU STATE HOW MANY MONTHS' SUBSCRIPTION YOU HAVE PAID IN ADVANCE.

Bowman & Lee, the late publishers of the Morning Examiner, made an assignment on July 12th, 1910, to the Pingree National Bank. All money due the late publishers must be paid to the assignee, and all claims against said publishers must also be presented to the said Pingree National Bank, assignee. As it will be a great deal of trouble for each subscriber to make out a legal claim and file it with the assignee, and then wait months, perhaps years, before the claim is paid, the management of the Examiner have decided to allow all subscribers who have paid in advance to assign their claim to the Examiner Publishing Co. any time before August 10th, 1910, and all those who make such assignment will have the paper continued for the full time paid. Those who do not make such assignment to the Examiner Publishing Co. will have the paper stopped on August 10th, and such person can file their claim for subscription paid in advance to the assignee. The new management wants to be fair to the subscribers who have paid in advance, but is under no obligation to make even this liberal offer. It will require several carloads of white paper to make good the subscriptions paid in advance. The new management declines to go to this expense unless the subscribers assist in making out the claims against the late publishers.

Fill out the above blank properly and mail same to the Examiner Publishing Co., and we will send you the paper for the full time; otherwise the paper will stop on August 10th, 1910. You must state how many months' subscription you have paid in advance, as there may be errors on the books.
